Notification.

THE Corporation of the Town of Calcutta are prepared, with the sanction of the Lieutenant-Governor of Bengal, under the provisions of section 334 of Act IV (B.C.) of 1876, to receive Tenders for a Debenture Loan for Rs. (15,00,000) fifteen lakhs, on the security of the rates, taxes and dues imposed and levied under the said Act, to be expended on the Drainage Improvements of the Town of Calcutta.

2. Debentures will be issued for the said amount bearing interest at the rate of 5 per cent. per annum, payable on the 1st August and 1st February of each year, and having a currency of 20 years.

3. The form of the Debenture Bonds will be that given in the seventh schedule of the aforesaid Act.

4. No Debenture will be issued for any sum less than Rs. (500) five hundred, and above that amount Debentures will be issued only for even sums of Rs. (100) one hundred.

5. Subscriptions will be received by the Bank of Bengal, and Debentures will be issued as soon as possible in exchange for the receipts.

6. Tenders for the whole or any part of the above-named sum of Rs. 15,00,000 (fifteen lakhs) will be received by the Secretary to the Corporation up to 2 o'clock P.M. of the 7th August 1884.

7. Each tender must be made out in the form annexed to this Notification, and enclosed in a sealed cover superscribed "Tender for Municipal Loan for 1884-85."

8. Tenders will be opened at the Municipal Office, on Thursday, the 7th August 1884, at 2 o'clock P.M.

9. The amount of the accepted tenders must be paid into the Bank of Bengal in the following instalments:—

Two-eighths within 15 days of acceptance of tenders.

Two-eighths on the 17th September.

Two-eighths on the 17th October.

One-eighth on the 17th November.

One-eighth on the 17th December.

Anticipation interest will be paid on all instalments. But the whole sum tendered or any portion thereof may, at the option of the tenderers, be paid before the date when it is due, and will bear interest from the date of payment.

10. Each tender must be accompanied by Government Promissory Notes or Currency Notes not less than 2 per cent. of the amount tendered.

11. The deposits on tenders which may not be accepted will be returned on application, and will be forfeited if an allotment after being made is not taken up.

12. In case of two or more tenders at the same rate a pro rata allotment will be made.

13. The rate stated in a tender must not contain any fraction of an anna; if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

14. In order to avoid mistakes, a separate tender must be made at each rate tendered, and a separate deposit must accompany each such tender. It is desirable that the tender, or at least the name of the person making the tender, and the amount and rate tendered should be written in English.

H. L. HARRISON, Chairman.

FORM OF TENDER.

I hereby tender for () Rupees of the Loan advertised in the Notification published in the *Calcutta Gazette*, dated 9th July 1884, and agree to pay for the same, subject to the conditions notified, at the rate of Rupees _____ for every hundred Rupees allowed to me.

2. I enclose Government Promissory Notes or Currency Notes for Rs. _____ and engage, if my offer be accepted, to pay to the account of the Municipality at the Bank of Bengal, Calcutta, the amount of the accepted tender in accordance with the terms of the Notification.

N.B.—A separate tender must be made at each rate tendered, and a separate deposit must accompany each tender. In order to avoid mistakes, it is desirable that the tender, or at least the name of the person making the tender, and the amount and rate tendered, should be written in English. (342—1)

The following revised advertisement is published in substitution of that which appeared at page 1763, Part II of the *Calcutta Gazette* of the 19th December 1883:—

The Indian Law Reports.

Published under Authority.

THE "Indian Law Reports," published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

On and from the 1st January 1884, the terms of subscription and sale will be reduced as follow:—

Terms of subscription, payable annually in advance.
Without postage. With postage.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of the Sonthal Pergunnahs, will be put up to sale at the Rajmehal Sub-divisional office on Friday, the 5th September, corresponding with 21st Bhadra 1291 B.S.

The purchaser will be subject to the following conditions of sale.

CONDITIONS OF SALE.

1st.—The estate to be sold revenue-free to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and the purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 269.

The 15th July 1884.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of Patna, Gya, Shahabad, Mozufferpore, Durbhunga, Sarun, and Chumparun for the cess year 1882-83, together with the remarks thereon of the Commissioner of the Patna Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

Under-Secretary to the Government of Bengal, P. W. Dept.

Abstract of a report by the Chairman of the District Road Cess Committee, Patna, on the Committee's operations for the cess year 1882-83.

THE Cess Act worked smoothly throughout the year. No difficulty was experienced in carrying out its provisions.

The demand for the year under report was Rs. 1,58,004, of which Rs. 1,32,717 was collected within the year, and Rs. 4,440 was previously paid in advance. Thus at the close of the year Rs. 20,847 remained unrealized out of the current demand. The arrears outstanding at the end of the previous year amounted to Rs. 21,297. Out of this sum Rs. 16,177 were collected during the year under review. The greater portion of the balance of this arrear, which amounts to Rs. 5,120, will have to be remitted.

The net demand of the year was Rs. 1,74,861, and net balance Rs. 25,091. The percentage of collection on current demand was 97·02; and considering the dilatory nature of the Certificate Procedure, the above result may be deemed satisfactory.

The Certificate Act does not facilitate the recovery of arrears. It is seldom the case that the arrears are paid up before the date for sale of the property attached is fixed.

The District Committee worked as well as in former years. The members continued to take interest in the matters that were brought before them.

The Branch Committees of Dinapore and Behar have also worked well during the year. They paid particular attention to road affairs, and spent nearly the whole of their allotments for village roads.

The total outlay under the head "original works" amounted to Rs. 70,767, against Rs. 1,43,510 of the previous year, and that on repair works was Rs. 50,968, against Rs. 63,067 in the year before. The decrease in the expenditure under the above heads, as compared with the previous years, was due to the decrease in the incomes at the disposal of the Committee caused by the gradual absorption of the accumulated balances of previous years.

The total outlay on village roads during the year amounted to Rs. 9,130, against Rs. 8,855 in the previous year.

It was distributed as follows:—

					Rs.
Sudder sub-division	3,596
Dinapore	1,667
Behar	2,487
Barh	1,880

In Behar sub-division considerable delay occurred in the construction of a most important village road from Bargaon to Mohnabagh owing to difficulty in obtaining the land.

The allotment of Rs. 1,076 for union roads in the Dinapore sub-division has all been spent by the Sub-Divisional Officer, who found the allotment inadequate to keep the roads in proper order.

The principal original works in hand during the year were:—

The completion of the Dinapore-Manair road.

The completion of the second section of the Buctearpore-Bihar road.

Raising, turfing, and metalling for the third section of the same road.

Metalling the road from Manair to the Bhita Railway Station.

Earthwork of the new road from Behar to Ekanger.

Earthwork of the new road from Fataha Railway Station to Behar.

Earthwork of the road from Massowhri Station to Pabhera.

Collection of metal on the road from the same station to Palegunj.

Collection of metal on the road from Fataha Railway Station to Hillea.

Construction of nine dâk bungalows.

Rupees 1,850 were spent on arboriculture during the year under review, including the expenditure incurred in the planting of tar trees to demarcate the boundary of lands occupied by roads all over the district. Some European seeds were sown experimentally, but of the different varieties. Pine were the only seeds that germinated, and there are 115 pine seedlings growing in the nurseries.

Every satisfaction was given to the District Engineer, both by his work and office establishments. The collection establishment worked, as usual, most diligently and carefully. The Committee's establishment, which consisted of one accountant and a peon, also worked well.

W. GRINDLAY,
For Chairman.

BANKIPUR,
The 14th January 1884.

Abstract of a report from the Chairman of the District Road Cess Committee, Gya, on the Committee's operations for the cess year 1882-83.

THE Road Cess Act worked smoothly in this district. There is no reason to believe in the existence of any considerable dissatisfaction with the cess, which was realized at the maximum rate during the year under report; the percentage of collection on current demand was above 92 per cent., which result may be considered satisfactory.

Only three meetings were held by the District Road Committee during the year, and the attendance of the non-official members was irregular.

There are three Branch Committees in the district, viz. at Nawada, Jehanabad, and Aurungabad. The Nawada and the Jehanabad Branch Committees have worked well, and held four and three meetings respectively, with a fair attendance of members. In the Aurungabad Branch Committee, five meetings were held, but the attendance of members was irregular. These Branch Committees are working under the control of the District Committee, which plan is found to be advisable both as regards accounts and the supervision of works.

The original works of the year were very small and few. The road from Fatehpur to Tikari was finished. For this the Maharani contributed Rs. 16,000. The work all along was unsatisfactory, and gave the Maharani just grounds of complaint. It was both slow and expensive, much beyond what might have been expected. The other work of some importance was the metalling of the road from Gya to Nawada. For want of rain this also was not successfully carried out, some miles of consolidation have been completed, and metal stacked almost all along the rest of the road. The other original works were small culverts.

All the roads in the district have been kept in fair repair in the year under report.

The village and union roads received more attention than in the previous year. No applications for funds were received from the persons interested in them, the works being done by contractors under the supervision of the subordinate officers of the Department, and in some instances under that of the District Engineer.

Planting of trees on the roadsides received considerable attention. New trees have been planted on the several roads, and those planted in previous years have also been taken care of.

The establishments in all the branches are reported to have worked well during the year.

W. HAMPTON,
Vice-Chairman.

J. KEMBLE,
For Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Shahabad, on the Committee's operations for the cess year 1882-83.

THE amount of the current demand for the year under report was Rs. 1,45,501, and the arrear demand on account of the previous year Rs. 22,236, making a total or gross demand of Rs. 1,67,737 for realization. The actual collections during the year amounted to Rs. 1,46,276, and Rs. 37 were remitted, leaving a net balance of Rs. 21,424 unrealized at the end of the year, which has since been or will shortly be collected. The present law works fairly, as far as security of the revenue is concerned, but it involves issue of a large number of certificates, with notices and sale proclamations, causing much annoyance to the tax-payers, and occasionally leading to the sale of estates under very distressing circumstances.

There were two meetings of the Sudder Committee during the year, and in both of them the members attended in sufficient numbers to form a quorum. There were five meetings of the Sasseram, two of the Buxar, and three of the Bhabuah Branch Committees. In every instance a quorum attended. The Branch Committees at two out of the three sub-divisions are very useful, as they bring to the work a local knowledge which does not exist at headquarters.

The Sub-Divisional Committees in Shahabad have been made independent of the District Committee under section 165 of Act IX (B.C.) of 1880, and the only control exercised over them has been such as the Commissioner exercises in regard to District Committees. The Branch Committees have been entrusted with the maintenance of the minor roads in their sub-divisions, and for this purpose, and for the construction of such new roads as they may consider necessary, a sum of Rs. 10,000 has annually been allotted to each.

The original works executed during the year cost Rs. 61,565, and were chiefly as follows :—

(I)—*Metalling Tendooni-Doomraon Road No. 3.*—The metalling of this road, excepting only the approaches to the new bridges, was completed during the year. The bridges too, were mostly completed within the same time, and were all finished and opened to traffic early in November. This work supplies the missing link in the connection between Doomraon and Buxar towns on the East Indian Railway, Sasseram on the Grand Trunk Road and Nokha on a navigable canal. These places are now united by some 60 miles of metalled roads.

(II)—*Bridging and metalling Arrah-Tendooni Road No. 6.*—The allotment available for the year, viz. Rs. 20,000, was fully worked up to, and 14 miles of new metalling were added to the 12 miles completed last year, leaving $10\frac{1}{2}$ miles to be done during the current year, which will complete the entire length of 62 miles from Arrah to Sasseram. This will also be a most valuable addition to the district communications.

(III)—*The re-alignment of Bulliaghat-Doomraon Road.*—The earthwork was thrown up in the previous year 1881-82 in time to consolidate from that season's rains, and the road was opened to traffic early in the following November.

There has been a marked improvement each year in the state of the roads in the district. The metalled roads have been kept in good repair, and all other roads thoroughly put in order immediately after the close of the rains.

Ninety-seven miles of new village roads have been constructed during the year at a cost of Rs. 7,624, against an estimate of Rs. 7,665, the total expenditure under this head, including the maintenance of existing village or IV class roads, being Rs. 23,429.

During the last few years 130 miles of road have been planted with sissou, teak, and fruit trees, and the protection of this considerable plantation has absorbed all the resources available during the current year for arboriculture.

The District Engineer maintained all the prescribed registers and books, and his accountant appears to have performed his work well. Mr. McNamara, who has long held the post of District Engineer, continues, with his staff, to deserve the thanks of the Committee.

EXPLANATORY NOTE.

Establishment and Contingencies of the Office of Collection.

	Rs.	A.	P.
Amount as per budget	4,740	0	0
Amount as spent	9,722	10	3
Excess over budget	4,982	10	3

The excess is owing to the expenditure incurred for the purchase of court fee stamps affixed on certificates and sale proclamations issued for the realization of arrears—*vide* Board's Circular No. 8 of August 1882, but not budgetted for, as the circular was received after the budget was submitted for sanction.

The amount has, however, been met from the larger amount of process fees realized and credited under the head "Fees, Fines, and Forfeitures."

MOHIM CHANDRA GHOSH,
Vice-Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Mozufferpore, on the Committee's operations for the cess year 1882-83.

THE aggregate number of meetings held by the Committee during the past cess year 1882-83, was ten, of which nine meetings had fair attendance, the remaining one being adjourned for want of a quorum.

The Finance Sub-Committee met regularly every month to audit and pass the Committee's monthly accounts.

Consequent on the heavy floods which occurred in the latter end of the cess year 1881-82, and which did a considerable damage to the roads in the Seetamarhee subdivision, almost all large works provided in the budget were stopped, and the provision made for them was utilized in rectifying these damages, as well as in executing other unforeseen works.

The only important works undertaken during the year were a timber bridge of 40 spans of 25 feet each over Adhwara river on Buheaha road, and a timber bridge of six spans over Pooranidhar Bagmatty river on Shewhur road. The materials for these two bridges have been collected, but their construction could not be completed before the close of the cess year, as the works were started late, and the unusually heavy floods made the road from Mozufferpore to the site of works impassable for carts loaded with heavy timber piles and beams, and also the then state of the river did not permit of pile-driving being carried out.

Seventy minor bridges and culverts have been constructed during the year, and have improved the roads on which they were made. Also about $1\frac{1}{4}$ miles of road were metalled, viz. Sooke road, $\frac{3}{4}$ mile, and Lalgunge road, $\frac{1}{2}$ mile. The portions which were metalled were very bad and heavy at all seasons of the year, and were much cut up by traffic; and their improvement has been of considerable benefit to the traffic of the district, and to that of the villagers in the neighbourhood.

A great deal was done in respect of repairing the roads and bridges during the past cess year: 1,671 $\frac{1}{2}$ miles of roads, together with bridges and culverts on them, were maintained and repaired. There were 425 $\frac{1}{2}$ miles of roads under the direct supervision of the District Engineer, the remaining 1,246 miles being under the Managers of factories and zemindars, in whose neighbourhood they lie. All the roads, excepting those which are neither bridged nor raised, were kept in fair condition and open for traffic throughout the year, excepting during the time in which the heavy floods prevailed.

The clerks in the Committee's office have all given satisfaction, specially the Accountant, who deserves favourable mention for having discharged his duties very carefully and efficiently. The District Engineer's conduct of his duties has been satisfactory. The conduct of the subordinate establishment was not altogether satisfactory.

GAURY SHUNKAR BISWAS,
Vice-Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Durbhunga, on the Committee's operations for the cess year 1882-83.

THE gross demand of cess for the year under report was Rs. 1,69,195, and as the year commenced with an arrear balance of Rs. 39,859, the total realizable demand of the year was Rs. 2,09,054. Out of this sum, Rs. 1,67,910 were collected, leaving an unrealized gross balance of Rs. 39,136 at the end of the year, or 18·94 per cent. of the whole gross demand, against 18·16 per cent. of the year before last.

The work of revaluation of estates under section 12 of the Act, which had been commenced in the year before last, was completed. The result of the revaluation has been an increase of about Rs. 41,000 to the permanent income of the Committee, which will now be over 2 lakhs of rupees per annum.

The District Road Committee was composed of 23 members, and there have been no changes in the personnel of the Committee during the year.

No improvement was made in the attendance of the members in comparison with that of the year before last, but some of the members rendered great help to the Committee throughout the year by undertaking the work of keeping many district and village roads in repair.

There are two Branch Committees in the two sub-divisions of the district. The principal work done by them consisted in supervising the repairs of village roads in their respective jurisdictions.

All new works provided for in the budget of the year were finished. They included four masonry bridges, and about eight miles of road metalling with jhamā and kunker.

Out of a total of 640 miles, about 200 miles of road were repaired through the agency of Magistrates, planters, and other resident gentlemen of the district. The work done by them was excellent, and proved a source of great help to the Committee. All heavy earth-work and bridge repairs were done by the District Engineer.

The village roads in the sudder sub-division were done partly by the District Engineer and partly by planters and other gentlemen. The roads in the sub-division were entirely repaired under the superintendence of the respective Branch Committees.

There was no expenditure on account of tree-planting during the year, neither was there any provision made for it in the budget, except Rs. 400, which were intended for maintenance of trees already planted in previous years. The Maharajah has kindly undertaken to plant trees along all the roads situated in his possessions.

There is nothing particular to report on any of the establishments under the Committee.

Abstract of a report by the Chairman of the District Road Cess Committee, Sarun, on the Committee's operations for the cess year 1882-83.

ALMOST all the works provided for in the budget of the district were completed during the year, with the exception of a few.

All original works and repairs in the Sewan sub-division were executed by the Sewan Branch Committee, and those in the Gopalgunge sub-division (excepting original works on the main roads) were executed by the Gopalgunge Branch Committee.

The works on the village roads were, for the most part, carried out by the managers of factories and native zemindars, at a total cost of Rs. 14,331.

During the year under review, about 1,606 trees were planted out on the sides of the district roads with gabions to protect them, and 545 trees were re-placed. Nurseries are kept up at Chupra, and in the compound of several of the inspection bungalows.

The main roads in the district are generally in good condition. No serious damages were done to any of the roads by floods, excepting that the end of the Rewaghat road was washed away by the Gunduk flood.

The steamer communication between the Sarun and Patna districts continues as before.

Rails have been laid on the Bengal and North-Western Railway throughout the greater part of its length in this district, and survey work has been finished.

The several establishments under the Committee have worked well and given satisfaction.

Explanatory sheet to accompany the annual accounts.

Refund of Cess.—Rs. 358-4-9 represent the amount of the remission sanctioned by the Board for the Mehal Goothni, pergunnah Chowbor, which was doubly assessed (*vide* Commissioner's No. 370, dated 6th February 1883).

Collection Establishment.—Extra mohurrirs and process peons were appointed to facilitate the work of collection by certificate procedure.

Stationery and Printing.—A large expenditure under this head was due to the purchase, within the year by the Road Cess office, of stationery and printed forms required for consumption during the first half year of 1883-84, as per instructions conveyed in Superintendent of Stationery's No. 3480 F.C., of 31st July 1882.

Original works.—The figures in italics with plus signs indicate the extra sums sanctioned by the Committee after the preparation of the budget estimate, and those with minus signs represent the sums transferred to other works. The statement of appropriation and reappropriation shows in detail the transfers made from one work to another.

The following original works were not undertaken :—

- (a)—Constructing Ghoonri bridge on road No. 9, Chupra sub-division.
- (b)—Reconstructing bridges over the Gundaki on road No. 19, Gopalganj sub-division.
- (a)—This work was not undertaken, pending submission of the project called for.
- (b)—The work could not be undertaken owing to timber not being procurable at the time.

The following works were not completed :—

Chupra Sub-Division.

- (c)—Constructing Baniapore bridge on road No. 6.
- (d)—Constructing a causeway over the Telpa channel on road No. 27.

Sewan Sub-Division.

- (e)—Constructing two-opening bridge, on road No. 35.

Gopalganj Sub-Division.

- (f)—Metalling Burrowlee Bazar road on road No. 7.
- (c)—The work was commenced in December 1882, a month after the sanction of the estimate by Government, but the rest of the working season was insufficient to warrant the putting up of the centres.
- (d)—The estimates for the work was sanctioned in May 1883, only about a month before the setting in of the rainy season. Bricks were got ready.
- (f)—There was delay in preparing the estimate.

Repairs.—Some of the works under this head exceeded the original budget grants, but the extra cost was met from savings on other works.

The following bridges were not repaired, as no contractor came forward to undertake them owing to their being far apart from each other.

Bridges on roads Nos. 1, 8, 16, 28, 35, 41 and 51, in the Chupra sub-division.

Ditto ditto, Nos. 4, 20, 21, and 22 in the Sewan Sub-Division.

The expenditure under the headings "establishment and contingencies of the Committee's office," "Original works" and "Repairs," differs from that shown in the annual accounts for the two following reasons :—

Rupees 414 paid on account of Commissioner's Road Fund establishment was in the

	Monthly schedule.	Annual accounts.
	Rs. A. P.	Rs. A. P.
Establishment of Committee's Office	3,275 7 2	2,861 7 2
Original works	46,263 1 6	46,267 3 0
Repairs	44,997 3 6	44,993 2 0
Commissioner's Road Fund Establishment	414 0 0

monthly schedules included with the "establishment and contingencies of the Committee's office," but in the annual accounts they have been separately shown under the heading "Commissioner's Road Fund establishment."

And Rs. 4-1-6 chargeable to "original works" were in the monthly schedules shown under

"repairs." The necessary correction has been made in the annual accounts.

The unadjusted outstanding advances at the close of the year were :—

			<i>Advances.</i>		
			Rs.	A.	P.
Mr. P. M. Llewellyn, of Rajapatty factory	108	8	0

The amount advanced to the Cess Deputy Collector was for the purchase of court fees stamps required for the realisation of tulabana fees. This amount will be adjusted in the accounts for the year 1883-84.

H. LEE,
Vice-Chairman.

*Abstract of a report by the Chairman of the District Road Cess Committee, Chumparun,
on the Committee's operations for the cess year 1882-83.*

THE year closed with an outstanding balance of Rs. 7,517. This balance, compared with that of the previous year, appears large, but a sum of Rs. 4,431 was paid by the Maharaja of Bettiah on the 2nd October last.

There were five meetings of the Sudder District Committee, and one meeting of the Bettiah Branch Committee, held during the year under report. The works in the Bettiah sub-division were, as usual, supervised by the members of the Branch Committee in their own respective neighbourhoods, and the Chairman supervised the works within 15 miles from the town. The members of the above Branch Committee are reported to have worked well.

The bridge over the Sikrahna river, for which funds to the extent of Rs. 54,845 were provided by Government, has been constructed and opened for traffic. This bridge has given great relief to the grain and other traffic of the district.

The metalling of the Segowlee and Raksowl road was commenced during the year, and a portion of the road near the Segowlee bridge pitched with brick-on-edge. A large portion of the bricks necessary for the work were burnt.

An inspection bungalow on the Balthar and Ahira Siswa road has been built, the doors for which are now being finished, and will be fixed shortly.

About 10 miles of metalled roads have been kept in good order, and also 877 miles of unmetalled and bridged roads. The damages done to some portions of the latter roads by the floods in August has been repaired, with the exception of re-building six bridges which were washed away.

Two hundred and fifty-two miles of village roads have been repaired during the year. Between 9,000 and 10,000 trees have been planted along the sides of the roads, and the trees planted in previous years protected and weeded.

The different establishments under the Committee have worked satisfactorily. Mr. Sealy, the District Engineer, has discharged his duties efficiently during the year, and the Committee desire to place on record their appreciation of the services rendered by that officer, specially with regard to the large bridge across the Sikrahna at Segowlee.

FORM OF AUDIT CERTIFICATE.

We hereby certify that the books and accounts specified below* prescribed for the Road Cess office and for the office of the District Engineer are duly kept up, and that they have been posted for the cess year 1882-83, and have been duly scrutinized by the Sub-Committee.

Also that the treasury officer's abstract of the account of the Committee for the year has been duly received, checked with the cash and pass-books, and found to agree therewith, (except† in respect of uncashed cheques which are above enumerated, and have been duly noted in the cash book);

that the vouchers for the payments of the month have been cancelled;

that all necessary steps have been taken for the recovery or adjustment of outstanding advances;

that none but duly sanctioned expenditure has been incurred, and that in the case of original works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the year, and generally that the work of the office has been performed with carefulness and regularity, and with a due observance of the rules prescribed by Government.

G. M. GHOSE,
Vice-Chairman.

† Where no difference exists, this may be struck out.

No. 124G., dated Bankipore, the 29th February 1884.

From—F. M. HALLIDAY, Esq., Commissioner of the Patna Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward, in original, the annual accounts and reports of the several District Road Committees in this Division for the cess year 1882-83 with the following remarks.

2. The year opened with a balance of Rs. 2,56,561 in the hands of the several Committees in the Division, and the net receipts of the year, exclusive of "deposits" and "advances," aggregated to Rs. 11,87,863, including Rs. 53,136, the Government grant-in-aid for re-modelling the Doomraon-Tindoni road, improving the approaches of bridges on the Arrah and Buxar canals, and constructing canal feeder roads from the locks on Buxar and Arrah canals.

The net disbursements of the year amounted to Rs. 11,66,814, against the budget allotment of Rs. 14,01,201.

3. The following table shows the estimated and actual expenditure under the principal headings during the year as contrasted with the actuals of the preceding year:—

DISTRICTS.	ORIGINAL WORKS.		REPAIR WORKS.		ESTABLISHMENTS AND CONTINGENCIES.		ACTUALS OF 1881-82.		
	Estimate.	Actual.	Estimate.	Actual.	Estimate.	Actual.	Original.	Repairs.	Establishment and contingencies.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

7. Durbhunga ...	81,168	76,242	57,418	59,760	33,892	37,795	72,615	49,610	31,678
Total ...	6,92,983	4,23,268	5,18,423	4,45,020	2,28,148	2,32,645	5,35,884	4,19,278	2,22,341

4. From the above statement it will be seen that the expenditure on original works fell short of the budget allotment under the same head by Rs. 2,83,375, or, in other words, only 61 per cent. of the works provided for in the budget was executed. It is true that the scarcity of rains, as the Chairman of the Gya district reports, much impeded the progress of the metalling of the Gya-Nowada road in that district, for which work alone the Committee provided Rs. 97,723 in their budget for the year; and also that the works on some of the bridges in the Mozufferpore district were postponed on account of the heavy floods which occurred at the latter end of the year. But every possible effort should be made in the prosecution of all sanctioned original projects with the utmost despatch, compatible with sound and good work.

5. The repair works were, however, carried on vigorously, and the result was that nearly 90 per cent. of the estimated works were completed during the year.

The roads have generally been kept in fair order. It may, however, be added that many roads in the Durbhunga district are undoubtedly bad. They are more subject to inundation, the traffic is often greater than kutchra roads can bear, and the whole district is full of famine relics in the shape of worn-out tar-tree bridges. Amongst the examples which may be quoted of the above condition of affairs may be instanced, the "Kumtoul road," which requires very extensive bridging to maintain the communication, the north Emigration road, which certainly requires to be metalled, and the Poopree road, amongst many others, which should have all the tar-tree bridges removed and pucca bridges substituted. A great deal of the latter class of work has been done during the last few years, but it has been so scattered throughout the district, and so much still remains to be done, that the effect is not yet much perceived.

6. The whole country between the Gunduck and the Bagmutty rivers was subjected to an exceptionally heavy flood in the latter end of the year under review. The effect was that considerable damage was done to some of the roads and bridges in the districts of Chumparun, Mozufferpore, and Durbhunga. Two bridges of four spans of 12 feet each on the road running north of Segowli, the Emertee bridge on the Motihari-Dhaka road, three bridges of 12 feet opening on the Itwa Ghat-Dhaka road, and three culverts of 8 feet span on the Seeraha-Jamooah Ghat road—all in the Chumparun district—several temporary bridges and timber culverts in the Mozufferpore district, and the Chuckmeshi and the Kallianpore bridges in the Durbhunga district, were all carried away by the floods.

7. The expenditure on the different establishments, exclusive of the pay and travelling allowances of the Divisional Superintendent of Works, was nearly 19 per cent. of the net aggregate income of all the Committees in the division, taken together. It will be still less during the current year, as the re-valuation works in the Sarun and Durbhunga districts are reported to have been completed, and no establishments will be required to be entertained on that account.

8. The establishments under the Committees are reported to have worked well, except two Overseers in the Mozufferpore district, one of whom was ordered to resign and the other dismissed from the service on account of misconduct. Gya district has, however, been very unfortunate in losing its engineers, one after another, almost as soon as they were beginning to acquire a fair knowledge of the district, and it is important that a good man should now be obtained with reasonable prospect of his remaining permanent for some years to come.

9. The total expenditure on account of the pay, travelling allowances, and contingent charges of the Divisional Superintendent of Works during the year, amounted to Rs. 16,529, or something less than 2 per cent. of the amount expended on original and repair works.

I have again to express my acknowledgment to Mr. Joll for the able manner in which he has during the past year effectively controlled and superintended the general administration of the road cess works.
